Manufacturer: Trojan - Made in Britain

Guarantee: Standard 25 years and Trojancast 30 years

Optional Extras: The Shower bath is available with Trojancast intensive reinforcement. This reinforcement process results in each bath being incredibly strong and hard-wearing. Trojancast's British racing green resin jacket covers the entire underside of the bath adding real strength and insulating properties. The additional bath thickness reduces the heat of the water being lost through the side walls, keeping your water hotter for longer.
