

I-DRAIN® AIO

> All-in-one design drain

The all-in-one or AIO I-Drain is a shower channel with a high design content that can be perfectly combined with the latest trends in contemporary bathrooms. The shower channel has a length-adjustable grating that is barely 33 mm wide and creates an almost invisible, minimalist design solution for the drainage of your shower area.

Type outlet: horizontal (standard) or vertical (siphon ø 50 excl.)
Waterproof: shower drain equipped with a pre-glued waterproofing membrane, 25 years waterproof guarantee!

Wall to wall:
 - Extend your grating with the available extension sets (not included)
 - Shorten the grating by using the cutting disc (incl. in package)

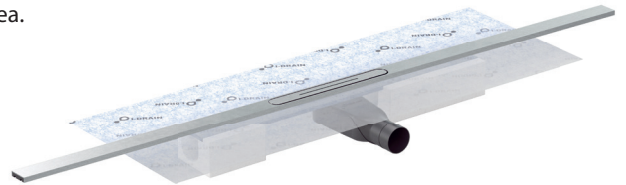

Siphon: can be rotated 360°

Tile finish: 8-30 mm

Grating adjustable: yes

Included in box: Installation blocks and tile block

10 years warranty
